Dear Neighbour,

Wolfson Lecture Theatre Car Park

As you know, we are currently preparing proposals to redevelop the former Wolfson Lecture Theatre site, in line with the draft Neighbourhood Plan. As part of this, we need to undertake ground and archaeological investigations across the site and in the Theatre's car park area. We will therefore be closing the area to all access from Monday 15th August. We anticipate this work will take several months, following which, if we have planning permission, the area will need to remain closed for construction.

We are aware that some properties that neighbour the site use it and would request that if you do, you make alternative arrangements.

The teams working on the site will be made aware of the proximity of neighbouring residents and every effort will be made to minimise disruption.

If you have any questions regarding this, please contact Tom Byrne at GL Hearn on 0344 225 0003 or [formerwyecollege@glhearn.com](mailto:formerwyecollege@glhearn.com).

Yours Sincerely

**Damian Molony**
